Silver-plated Handle

- Upscale appearance
- Handle with moderate hardness
- Good conductivity and toughness
- With tail, good for moxibustion and manipulation

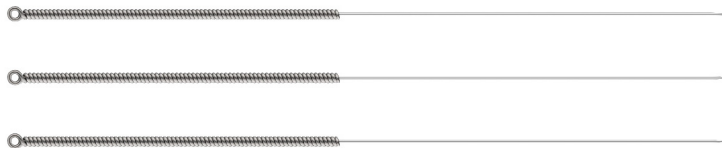

Copper Handle

- Handle with moderate hardness
- Good conductivity and toughness
- With tail, good for moxibustion and manipulation

Stainless Steel Loop Handle

- With tail
- Handle with higher hardness
- Good conductivity and toughness
- For fast-penetration practitioner and beginner

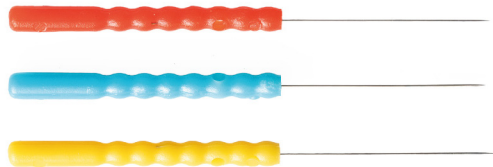

Stainless Steel Spring Handle

- Without tail
- Handle with higher hardness
- Good conductivity and toughness
- For fast-penetration practitioner and beginner

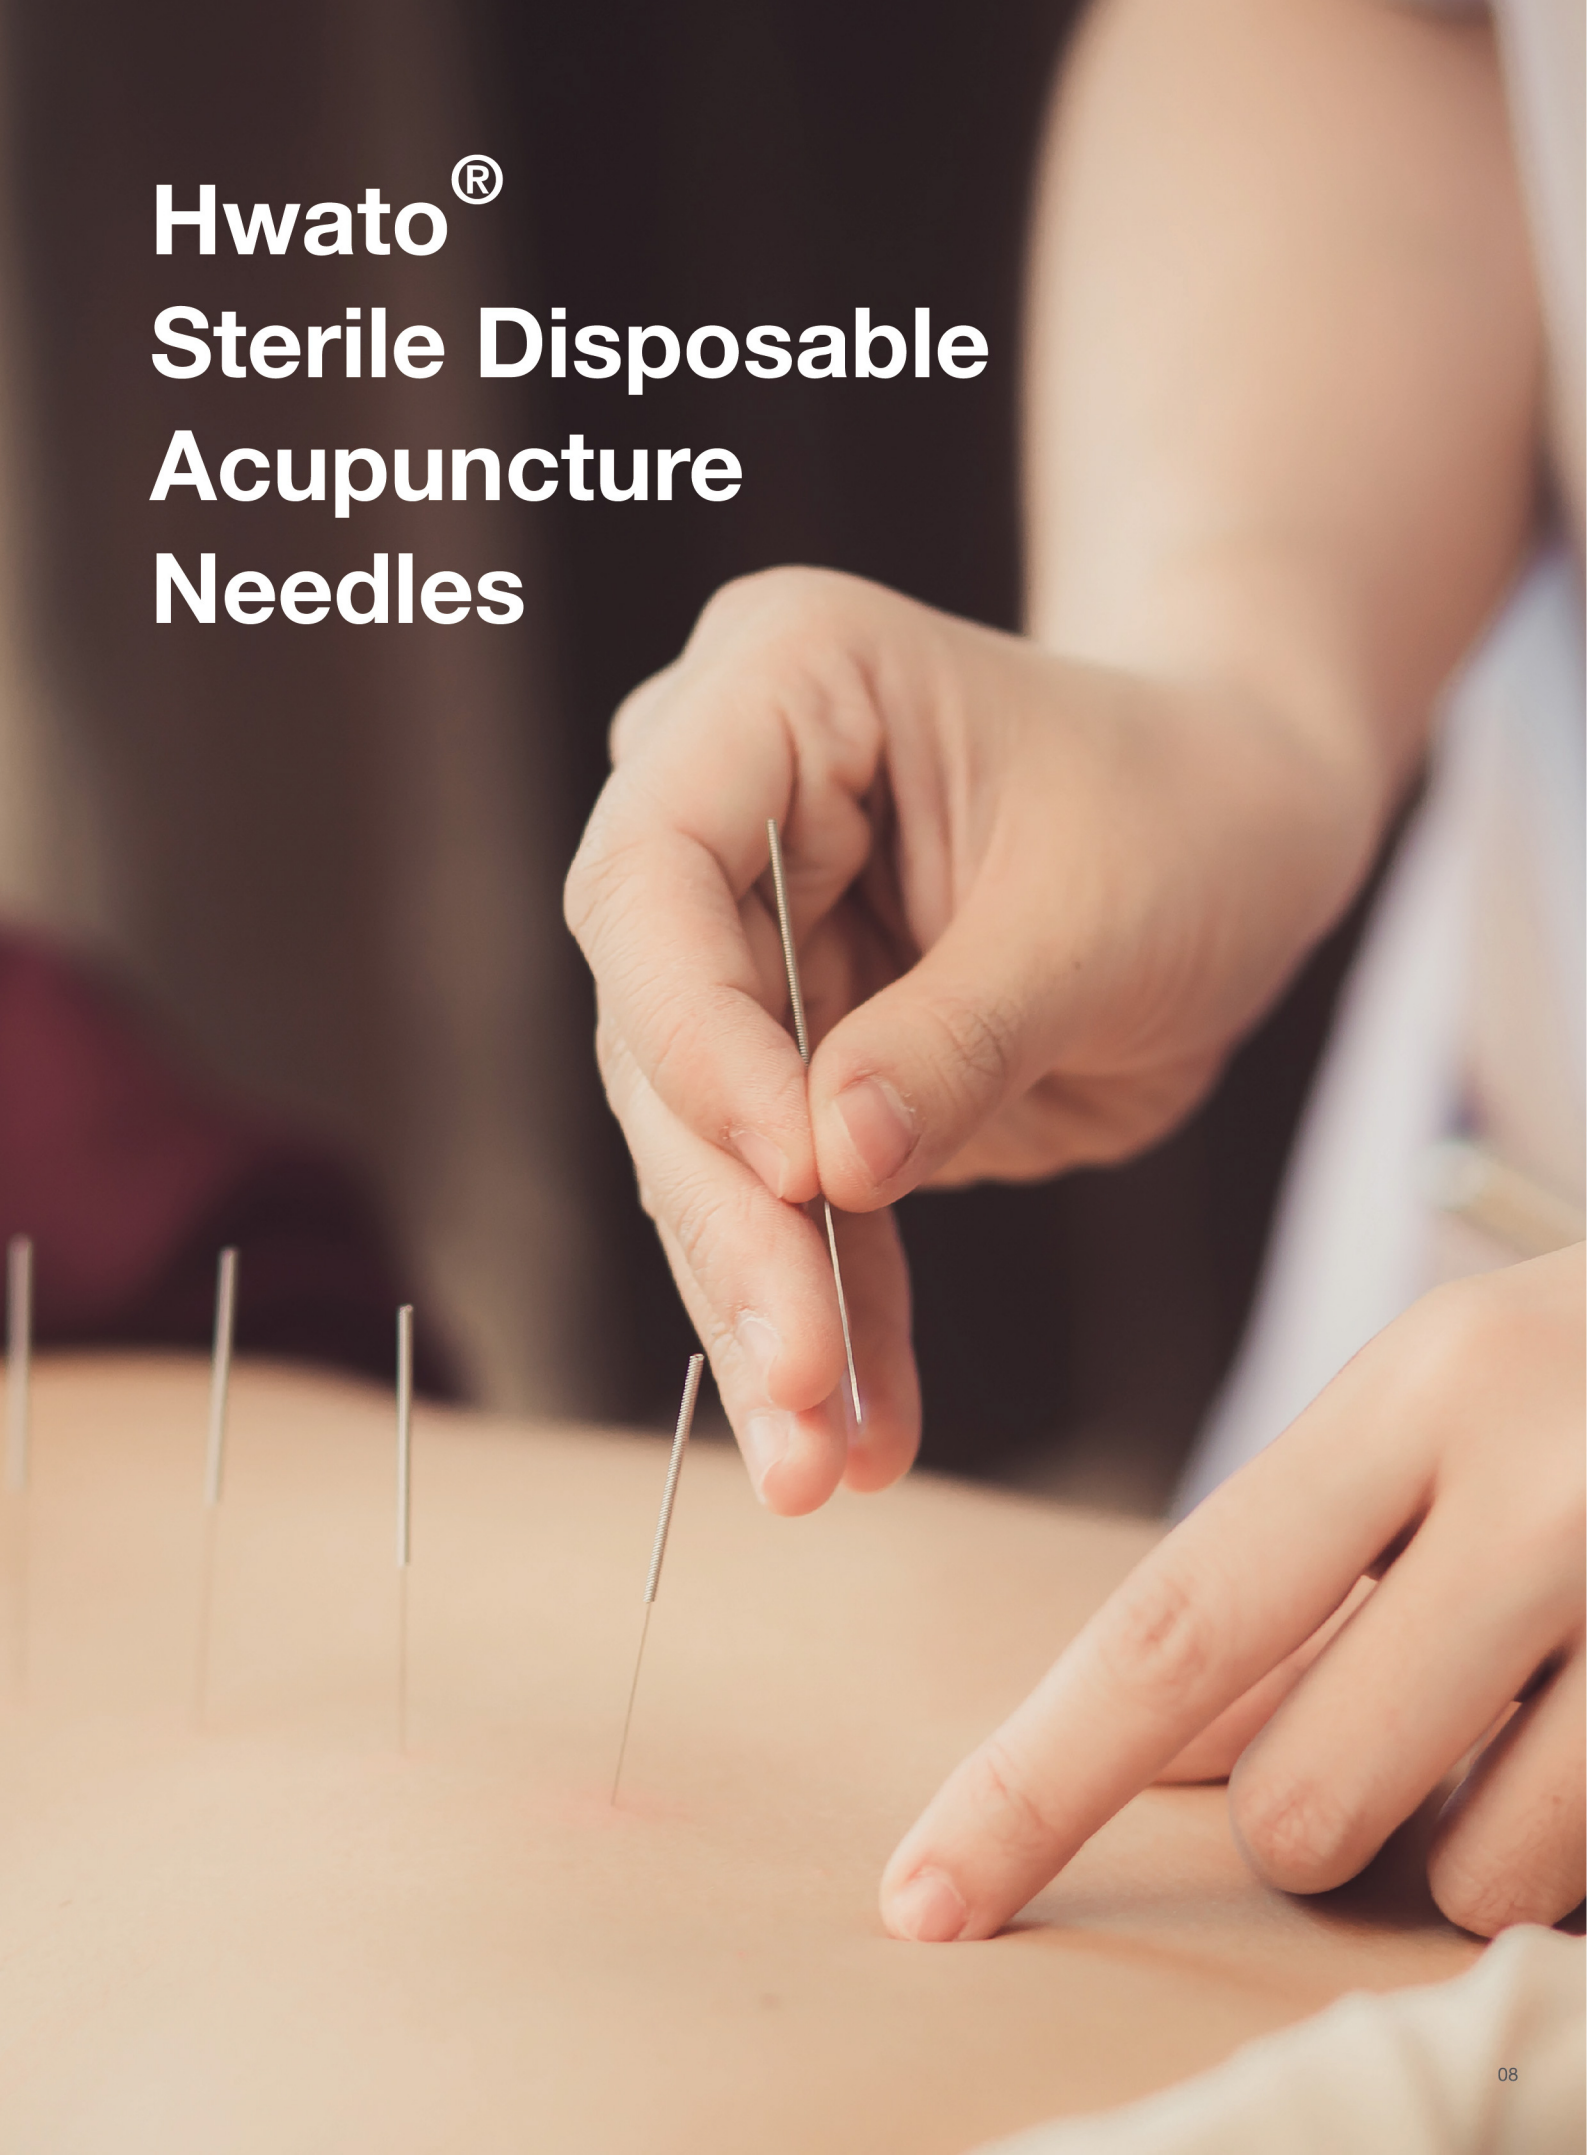

Plastic Handle

- Light weighted and comfortable grip
- Color coded for easy gauge identification
- For gentle, painless and stress-free treatments
- Designed for cosmetic facial treatment

Hwato[®] Sterile Disposable Acupuncture Needles

Copper handle

Needles with guide tubes

Thermal blister package

Made from surgical stainless steel

Featured awn-shaped tip for smooth insertion

100pcs/box, 10000pcs/carton

Sterilized with EOG

Needles without tube

Thermal blister package

Made from surgical stainless steel

Featured awn-shaped tip for smooth insertion

100pcs/box, 10000pcs/carton

Sterilized with EOG

Needles without tube

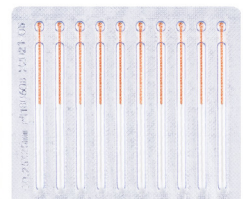

Alum foil blister package

Made from surgical stainless steel

Featured awn-shaped tip for smooth insertion

100pcs/box, 10000pcs/carton

Sterilized with EOG

Silver-plated handle

Needles with guide tubes

Thermal blister package

Made from surgical stainless steel

Featured awn-shaped tip for smooth insertion

100pcs/box, 10000pcs/carton

Made of buffalo horn

ACUPUNCTURE STIMULATORS /NERVE&MUSCLE STIMULATORS

ACUPUNCTURE STIMULATORS/NERVE&MUSCLE STIMULATORS

Nerve & Muscle Stimulator SDZ- II

- Instead of manual massage
- A variety of pulse waveform frequency
- Electro-acupuncture Treatment
- Automatic timing treatment
- 6 outputs
- DC/AC

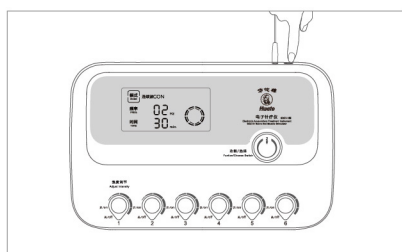

TECHNICAL SPECIFICATIONS

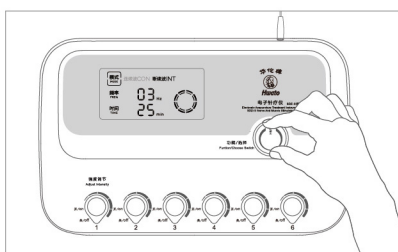

Power	DC9V/AC220V/AC110V
Input power	10VA MAX
Output Pulse Wave	Un-symmetry bi-direction pulse wave
Output Pulse channel	6 channels
Output power	0.3VA MAX
Pulse Frequency	Frequency adjustable in 1 ~ 100Hz
Output pulse frequency	Continuous Wave Intermittent Wave Distant-dense Wave

ACUPUNCTURE STIMULATORS/NERVE&MUSCLE STIMULATORS

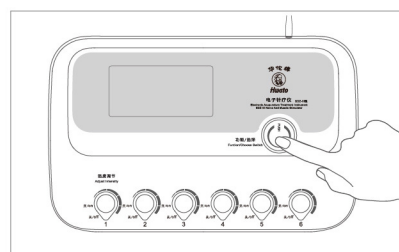

Nerve & Muscle Stimulator SDZ-III

Parameters memory,
large LCD screen

One button control,
convenient operation

Auto sleep,energy saving

TECHNICAL SPECIFICATIONS

Power	DC9V/AC220V/AC110V
Input power	10VA MAX
Output Pulse Wave	Un-symmetry bi-direction pulse wave
Output Pulse channel	6 channels
Output power	0.3VA MAX
Pulse Frequency	Frequency adjustable in 1 ~ 100Hz
Output pulse frequency	Continuous Wave Intermittent Wave Distant-dense Wave

ACUPUNCTURE STIMULATORS/NERVE&MUSCLE STIMULATORS

Nerve & Muscle Stimulator SDZ- II B

- Pocket size
- Instead of manual massage
- A variety of pulse waveform frequency
- Electro-acupuncture Treatment
- Automatic timing treatment
- 2 outputs
- DC/AC

TECHNICAL SPECIFICATIONS

Power	DC9V/AC220V/AC110V
Input power	5.0VA MAX
Output Pulse Wave	Un-symmetry bi-direction pulse wave
Output Pulse channel	2 channels
Output power	0.3VA MAX
Pulse Frequency	Frequency adjustable in 1 ~ 100Hz
Output pulse frequency	Continuous Wave Intermittent Wave Distant-dense Wave

ACUPUNCTURE STIMULATORS/NERVE&MUSCLE STIMULATORS

Nerve & Muscle Stimulator SDZ-V

Low-frequency electrical pulse therapy. Auxiliary treatment for back pain, nerve palsy, muscle aches and paralysis.

Voice Broadcast

Output Indicator

6 Independent Outputs

Large LCD screen

Digital Timing

Intensity by Key Operation

TECHNICAL SPECIFICATIONS	
Input power	10.0 VA
Output pulse waveform	Asymmetric Bidirectional Pulse
Output Pulse channel	6 channels
Output pulse frequency	1~100Hz adjustable, $\pm 20\%$ tolerance
Operating mode	Continuous wave:Continuous Intermittent wave: working 15S, pause 5S Disperse-dense wave: 1:5 ratio of disperse wave - dense wave; Disperse wave working 5S, dense wave working 10S.
Output current valid value	$\leq 10\text{mA}$

Description/Waveform

Innovative Design, Comfortable Experience

Higher pulse output efficiency
Patented hi-tech look

59 prescriptions meet
whole body needs

Longer service life of electrodes
Abnormal connection protection
Overheating protection

Auto-memory
10in LCD for clinical use

Intended Use:

The product is indicated for bouts of pain; Improves local blood circulation and promotes the dissipation of inflammation; Softens scarring and loosens adhesions; Stimulates neuromuscular action. Electrotherapy, variable frequency pulses, available for the whole body.

TECHNICAL SPECIFICATIONS	
Input power	50 VA
Load Impedance	500Ω ± 10%
Output pulse frequency	1kHz - 12kHz, ± 10% tolerance

ACUPUNCTURE STIMULATORS/NERVE&MUSCLE STIMULATORS

Ear Vagus Stimulator

This product is the research achievement of the Twelfth Five-Year National Science and Technology Support Program, Project of National Natural Science Foundation of China, and Key Project of Beijing Natural Science Foundation by the cooperation of Suzhou Medical Appliance Factory and China Academy of Chinese Medical Science.

It works as the adjuvant therapy to sleep disorders, excessive fatigue, loss of appetite and anxiety, and the adjuvant therapy to diabetes With medication.

China Invention Patent:

ZL201410152679.6

ZL201410153083.8

Nerve and Muscle Stimulator SDP-330

Charging Function
No Need To Replace The Battery

200⁺

Use time under full charge

8 Modes / 10 Levels Intensity / Simple Operation

Large Size Pads Comfortable Stick

Small Size and Delicate, and Convenient to Carry

Replacement pads (2pcs per pack)
are available for purchase separately.

Moderate Frequency Stimulator SZP-610B

Your Family Physiotherapist

Medium Frequency Pulse

With strong penetrating power to reach deeper meridians and muscles. Body feeling delicate and soft .
More comfortable than low frequency . Replacement pads (2pcs per pack) are available for purchase separately.
